

### **Domestic Prepaid Freight Conversion Guidelines:**

- Risk of loss transfers to the customer at time of shipment.
- All orders must be full truckload quantities (Full Truckload = 43500-44500lbs.).
- Orders can be pooled between the 3 Kentucky facilities: Bardstown, Frankfort, Owensboro, New Albany and Jeffersonville. (each location must be at least 2 pallets)
- The facility with the largest amount of volume will be the coordinator of the freight.
- When ordering volumes that will be pooled, please indicate to order entry that it will be a pooled load.
- No pooling with any external suppliers.
- No pooling with any internal contract bottling with the EXCEPTION of 375 Park Avenue.
- Sazerac will make the carrier choice.
- All carriers will be properly insured.
